STYLE AT SEA

Fifty is a yacht for anyone who wants to have a good time on the water and is especially suited to those with active lifestyles. Endowed with all the signature aesthetic appeal you'd expect from a Riva, the yacht has been designed to optimise comfort at sea. Her variety of deck areas offers plenty of options for relaxation, lounging and dining, with her amenities including a sun-deck Jacuzzi and an onboard gym, while the exceedingly low level of noise and vibration enhances the onboard comfort for guests.

But the on-the-water lifestyle isn't confined to the incredible onboard spaces; the yacht has exceptional storage capacity and carries an incredible range of toys meaning the fun is extended to the sea, which becomes the ultimate playground.

PENTHOUSE ON THE WATER

The surrounding water plays a part throughout, always visible from the huge windows which frame the views beyond. With an easy flow between the spaces, Fifty's contemporary ambience is at once calming and sophisticated and evokes the feeling of a luxury penthouse.
